Tools: Figma, Framer, Canva, VS Code, Notion, GitHub, ChatGPT, Claude AI, Lovable

Frontend Knowledge: HTML, CSS, JavaScript, React.js, Tailwind CSS, PHP (Basic)

EXPERIENCE

ToTheByte Technologies, Noida

March 2025 – Present | Full Time

UI/UX Designer

- Designed responsive interfaces for websites, ERP systems, admin dashboards, and mobile applications, delivering consistent, on-brand experiences across all platforms.
- Created wireframes, prototypes, and user flows in Figma, focusing on usability, intuitive navigation, and visual clarity.
- Worked closely with developers to ensure pixel-perfect implementation using HTML, Tailwind CSS, JavaScript, and React.js.
- Built and maintained reusable component libraries and design systems to speed up delivery and maintain visual consistency.

PROJECTS

KYCCConnect.ai

[View Project](#)

Tools: Figma, Canva, ChatGPT, Lovable

- Designed end-to-end UI/UX for an AI-based identity verification platform covering KYC, KYB, and AML verification workflows.
- Created onboarding screens, verification flows, dashboards, and landing pages focused on trust, clarity, and smooth user interaction.
- Built reusable UI components and consistent design patterns for a professional, scalable experience across the platform.

ToTheByte Company Website

[View Project](#)

Tools: Figma, HTML, Tailwind CSS, JavaScript, PHP

- Designed the complete UI in Figma including layouts, components, and responsive screens for both desktop and mobile.
- Developed a clean, modern, and SEO-friendly company website from scratch directly based on the UI designs.
- Implemented UX-focused elements such as clear navigation, CTAs, and form flows with backend form validation and cookie handling for a smooth interactive experience.

Premium Talent Website

[View Project](#)

Tools: Figma, Claude AI

- Designed the complete end-to-end UI/UX for a premium talent and business networking platform with a clean, professional interface.
- Created responsive layouts, interactive prototypes, reusable components, and structured user flows for desktop and mobile.
- Maintained a premium, business-focused visual hierarchy to differentiate the platform from traditional hiring portals.

EDUCATION

Bachelor of Computer Applications (BCA)

2022 – 2025

United University, Prayagraj

CGPA: 8.9 / 10
